

# Our Diverse Planet

## Science Poster Competition

### ABOUT THIS ACTIVITY

Get creative.

You can make your poster about whatever version of 'Our diverse planet' you like and enter our school poster competition with the chance to win some exciting prizes.

Kit list Paper (A4 or A3)  
Creative materials, e.g. pens, pencils, scissors, glue, watercolours, paint, colouring crayons, pipe cleaners, felt, thread, wool, foil, clay, string, beads, stamps, foam, pompoms.

N.B. try to avoid using straws or glitter - these plastics can damage our planet and harm the diverse creatures and ecosystem that live there

Research your poster Investigate and imagine 'Our diverse planet' and everything that makes it special. Research your poster Investigate and imagine 'Our diverse planet' and everything that makes it special.

Here are some topic ideas to get you started:

Why not think about biodiversity? From the diversity in your own garden, to the diversity at the very bottom of the ocean, research all the amazing creatures and organisms that live on our planet.

The diversity of science and STEM subjects. Have a think about all the diverse ways that science affects our lives and who you know that uses science every day. Is there science in baking and cooking? What about making a film or taking a picture? Or how about operating planes and cars? Remember that science is everywhere, you just have to look for it!

Think about the other kinds of diversity our planet contains – from the variety of the molecules that make up essential parts of life, to the different ways our towns and cities are built, and the variation of people's tastes and interests.

Our planet is unique, but why not investigate what makes it different from the other planets in our solar system?

Make your poster

Once you've done your research, it's time to get creative!

Your poster must be: 2D (flat) – if you make a model, you need to just send us a photo of it on A4 or A3 paper.

You can use pop up pictures, pull out tabs or materials such as paint, drawing pencils, crayons and paper.

Once the poster is complete, write your full name and class on the back and hand it in to your teacher.

Closing Date:

After the Easter Holidays

All entries will then be judged and prizes awarded.

A selection of entries will be displayed in school.

Good Luck

Mrs. J. Blicow  
Deputy Head  
Science Lead
