

## Virtual School Games Scoring

If you attend a Primary School, did you know that you can earn your school a Virtual School Games Participation Point for every challenge you complete and then log on our website. Over the course of the week, the more times you take part, the more points your school is rewarded!

Our Schools Competitions will be split into two categories -

Infants (Rec/Year 1/Year 2)

Juniors (Year 3 - 6)

Over the course of the Games, we will be awarding a number of weekly prizes to those who have taken part. At the end of each challenge, each School Sport Partnership will randomly select a student who has logged their activity to receive a £10 Amazon Voucher so the more time you log, the more chances you have to win.

To record your scores on the Virtual School Games - Challenge Log

Lets try and get St.Mary's on the scoreboard and don't forget to send in any photographs you take.
