

"With Christ as our guide we let our light shine."

A Message from Mrs. Blincow...

Dear Parent/Carers,

School trip time is upon us, with Years 4 and 5 heading off on an exciting archaeological dig at Ichester House, while our Year 6s travelled to Birmingham to explore the possibilities of future STEM careers. We look forward to the rest of the school, heading off on their trip to the Sea Life Centre in Birmingham next month.

As we move into the final few weeks of the term, we have begun to explore our final 'Virtue to Live By' – Service. In our Collective Worship this week, we were able to link the Virtue back to our Gospel Liturgy, when we heard how Jesus called his apostles together, calling them by name and sending them out to continue his work.

We heard how, among other names, Jesus was known as 'The Servant King' and that He came to serve,

"For even the Son of Man did not come to be served, but to serve, and to give his life as a ransom for many." John 10:45

and that, like the apostles, we are also called by name to serve God.

We left with the question –

'What is God calling us to do – how can we serve?'

Have a wonderful week

Mrs Blincow

Aspiration-Resilience-Awareness-Compassion

Irchester - Archeological Dig

The children of Years 4 and 5, travelled to Irchester House in Wellingborough, where they had the opportunity to engage with the live excavation of an ancient Roman Town. In addition to a tour of the excavation, the children were guided by staff from ULAS (University of Leicester Archaeology Services) through some of the jobs of an archaeologist, including object identification and finds washing. With both Year Groups having previously studied the Romans, this experience was a fantastic opportunity to retrieve previous learning and find out first-hand how archaeological digs help us discover secrets of the past.

Term Dates

Term Begins

Mon 5th June

Sports Day

Wednesday 28th June

Transition Morning

Monday 3rd July

Inset day

Friday 30th June

Report Consultation

Tuesday 18th July

Term Ends

Friday 21st July – 3.15 PM

The Big Bang Fair

Year 6 visited the Big Bang Fair at the NEC in Birmingham. The UK's biggest celebration of STEM for young people, they had the opportunity to discover exciting future careers and connect to inspiring role models. With exhibitions ranging from young inventors and experimenters, future game-changers and lifesavers, the children had a great time exploring the stands.

Which Tool Will Do The Job?

Year 2 engaged in some retrieval work this week, as they selected which kitchen tools should be used for chopping, slicing and mashing and explained why they thought the tools were best for the job. Their DT project builds on the knowledge they gained in Year 1 and teaches children about sources of food and tools used for food preparation. They will also discover why some foods are cooked and learn to read a simple recipe.

The Great Flower Hunt

Year 1 have been out and about this week identifying plants and wild flowers and putting them into different categories. They will study these plants over time and chart their growth. They have also been doing a bit of litter picking and designing anti-litter posters.

Sports Day

Wednesday 28th June

KS2 (Year 3, 4, 5 and 6) – 9.30 – 11.30

KS1 (Reception, Year 1 & 2) - 1.15 – 3.00

Please come and join us for our annual sports day.
