Did you know?

Read these interesting facts about dinosaurs with a parent, carer or teacher.

Dinosaurs lived millions of years ago and they are now extinct.

Dinosaur means terrible lizard.

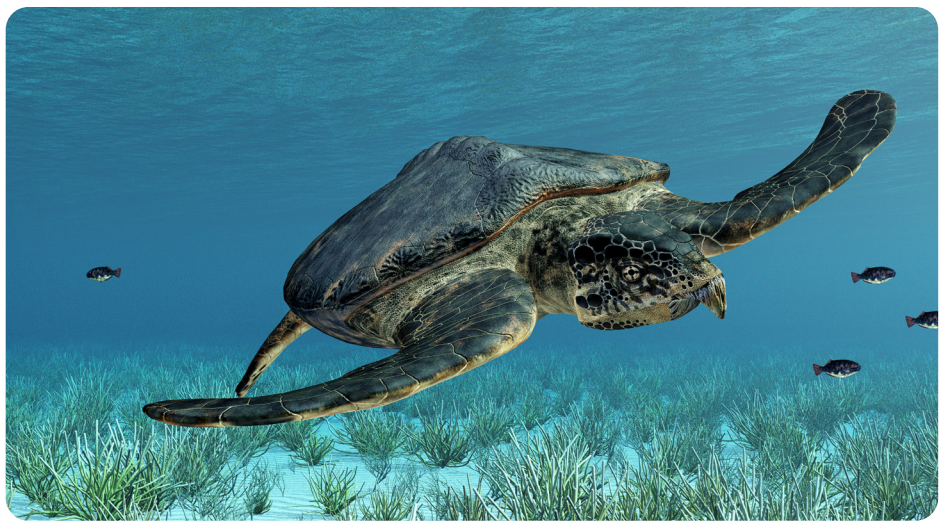

Scientists, called palaeontologists, study the fossils of dinosaurs and other prehistoric animals.

Some dinosaurs were carnivores. This means that they ate other animals.

Some dinosaurs were herbivores. This means that they ate plants.

Prehistoric turtles, crocodiles, sharks and insects lived alongside the dinosaurs.
